Europe's Leader for
Detection & Response

RADAR
CYBER SECURITY

To strengthen our team in 1070 Vienna, we are hiring a

Senior IT Engineer (f/m/x)

Full time

Your Area of Activity Includes

- VMware VSphere 6.5 or higher (cluster operation at various locations)
- Veeam Backup and Replication
- Storage (Dell EMC, Netapp Ontap, Synology)
- Switching / Routing (Trunking, LACP, VLANS, Routing Protocols, Network Tapping, Mirroring)
- Network Access Control (Macmon)
- Microsoft Windows Server
- Microsoft SQL, Exchange, Microsoft Print Server, Microsoft Fileservices
- Microsoft active directory, LDAP, DNS
- Physical access control (DOM, eKey, Schrack Seconet, Mifare DESFire, Proximity)
- Email encryption (SMIME)
- Antispam / threat protection solutions (TrendMicro, FireEye EX)
- Operation at the datacenter

Your Qualifications

- At least 3 years of experience as an IT Engineer
- Knowledge of the technologies mentioned above, preferable with certification
- Experience in implementing small and medium sized projects
- Good command of English Language
- And of course: Interest in IT security!

What we offer

- Working with innovative products in an international team
- Self-reliant working in a very collegial, team-oriented environment
- Advancement and development opportunities as well as regular feedback sessions
- An office with very good traffic connections (metro)
- Free coffee, tea, soft-drinks and fruits

According to your experience and qualifications, we offer an annual gross salary between € 56.000.- and € 60.000.- for a full-time employment (38,5 hours per week). The actual salary will be in line with previous experience and qualifications.
