

Europe's Leader for
Detection & Response

To strengthen our team in 1070 Vienna, we are hiring a

Service Operations Specialist (f/m/x)

Full time, junior and senior levels welcome

Your Responsibilities

- » Operation of complex SaaS platforms based on Debian GNU/Linux
- » Run and debug networks, applications, Server and Databases
- » Review code, contribute improvements and create proof of concept solutions
- » Plan and implement changes in time and on budget
- » Advance automation, monitoring and documentation
- » Regular on-call duty for selected customers

Your Qualifications

- » Professional experience as Service Operations Specialist
- » Very good knowledge of Debian GNU/Linux and scripting with Shell or Python
- » Experience in automation with tools like Salt, Ansible, Puppet or Chef
- » Good Knowledge of modern software tools for CI/CD and version control via Git
- » Good command of English Language
- » And of course: Interest in IT security!

What we offer

- » Working with innovative products in an international team
- » Self-reliant working in a very collegial, team-oriented environment
- » Advancement and development opportunities as well as regular feedback sessions
- » Sponsored conference and seminar visits
- » An office with very good traffic connections (metro)
- » Free coffee, tea, soft-drinks and fruits

We welcome all experience levels. As a senior with 3+ years of experience, we offer, according to your experience and qualifications, an annual gross salary between € 56.000.- and € 60.000.- for a full-time employment (38,5 hours per week).
